THIS PATENT STAMP MUST NOT BE COVERED

TO UNLOCK the book, raise cover to be unlocked to a vertical position, grasp the book at lower end of cover and pull rod out as far as it will come. It is absolutely necessary to raise the cover, which is to be unlocked, to a vertical position to release the tension of the posts which would otherwise cause the rod to bind.

TO LOCK—Adjust the cover back into position so the notches in the cover fit over the posts, then push in rod. The mechanism is adjusted so that the locking bar engages one post at a time, therefore each post can be successively adjusted if necessary.

WRITING UP—Unlock front cover of book, take out the sheets to be typewritten and return rod to former position; place written sheets in back of book in consecutive order.

Do not attempt to unlock either cover unless opposite cover is locked, as posts should always be held in one of the covers.

TO LOCK BOOK PERMANENTLY—This is only to be done when all the sheets are written up and placed in the binder, for once permanently locked, it is absolutely impossible to unlock or open it.

For this purpose two permanent locking or sealing rods are furnished with each binder. Insert these rods in the channel which carries the locking bar. These locking rods upon insertion, automatically lock themselves into position and the locking bar cannot be moved. This effectually and hermetically locks and seals the book.

Section 13. This Act shall take effect and be in full force and effect from and after its passage and approval.

Approved March 4, 1919.

The Commission appointed under House Bill No. 262, did not expend any of the monies appropriated by that bill for the apparent reason that no feasible manner could be found in which the same could be used. Members of that Commission made trips to Seattle, Tacoma, New York and other places, but did so at their own expense. After the enactment of House Bill No. 370 the members of the first Commission resigned and the Commission authorized by House Bill No. 370 was empowered to administer both funds. The Commission was appointed on the 10th day of March 1919 and consisted of the following named persons:

Major Charles L. Sheridan,	Bozeman,	Montana
Captain William Cutts,	Butte,	Montana
Corporal Charles E. Pew,	Helena,	Montana

MINUTES OF THE FIRST REGULAR MEETING OF THE VETERANS WELFARE COMMISSION OF MONTANA,

HELD ON SUNDAY, MARCH 16, 1919, AT THE HOUR OF 1:30 P.M.

AT THE PLACER HOTEL IN THE CITY OF HELENA, MONTANA.

Present: Major Charles L. Sheridan, Captain William Cutts and Corporal Charles E. Pew.

The meeting being called to order, the Commission proceeded to organize by electing Major Sheridan, Chairman and Corporal Pew, Secretary.

It was agreed by all members present that the expenses incurred by the members in attending said meeting be defrayed by the members themselves, but that in the future all such expenses should be paid out of the fund in accordance with the bill creating the same.

Messrs. Leavitt and Griffin, of the state office of the Federal Employment Bureau made oral application to the Commission for an advance of the sum of $6000.00 to cover a part of the expense of the continuation of the Federal Employment Offices in Montana until Congress should meet and make appropriation to cover the deficit in that Bureau and provide for its continuance. Messrs. Leavitt and Griffin stated that Montana's allotment for the fiscal year ending June 30, 1919, is $4917.00, which they stated would maintain only the skeleton organizations in Helena and Butte, a total of $17,385.00 being required to carry the state offices as now existing to the end of the fiscal year; that some cities having local offices have agreed to raise money locally to maintain the same: that the report of the office for Montana for the six months ending March 8, 1919, showed that 108,608 applicants for positions attended at the various offices during that period: that that 30,341 men registered for positions; that 22,617 were furnished employment;

They also reported that 1510 soldiers were registered in addition to about 1500 others whose cards had been received from the various cantonments; that 975 soldiers were placed in positions in February and March, 1919; that 267 were placed during the five weeks preceding March 8, 1919.

Mr. Leavitt thought that the proportion of soldiers applying for and receiving positions as compared with civilians would rather increase from the present proportion of 15% and expressed the opinion that the additional work entailed in the handling of the soldiers would bring it up to about one-third and that in his opinion the Commission should assume one-third of the expenses.

After considering the above proposal a motion was made, seconded and carried that it is the sense of the Commission that under the provisions of House Bill No. 370 the fund can be used only for the benefit of returned soldiers, sailors and marines and not for any work of a civilian nature.

The Commission then considered a number of applications made by soldiers in various parts of the state for loans to carry on business or farming operations: whereupon, on motion duly made, seconded and carried, it was decided that financial assistance to able-bodied men would be limited to the betterment of the employment service, and the Secretary was instructed to make appropriate answers to the applications of H. C. Colville, Floyd Connor and Floyd Lanegan, and to all other applicants for loans.

The Secretary was instructed to write the Commissions of the States of Oregon, Washington, Idaho, California and the Canadian Provinces relative to the work being done in those states.

After due consideration the Commission decided that until a different policy appears to be proper its work will be confined to the employment service for able-bodied men and the relief of disabled soldiers.

Whereupon, no further business coming before the meeting, the same was duly adjourned.

Secretary.

MINUTES OF THE SECOND REGULAR MEETING OF THE VETERANS WELFARE COMMISSION OF MONTANA HELD ON SATURDAY, APRIL 26, 1919, AT THE OFFICE OF THE SECRETARY IN THE CITY OF HELENA , MONTANA

PRESENT: William Cutts and Charles E. Pew.

The meeting duly called to order, the Secretary reported that some expense has been and will be necessary for the conducting of correspondence and carrying on of the work and that the employment of a stenographer for a limited time would be necessary: whereupon , on motion duly made, seconded and carried, the Secretary was authorized to spend a sum of notto exceed $100. for clerical hire, pending the next meeting of the Commission.

A request was received from representatives of the soldiers of Malta that the Commission take up certain notes now held by the Red Cross Chapter at Malta. Upon careful consideration it was decided by the Commission that this request could not be granted for the reason that it would exhaust the fund if all such notes were taken up and that if it were done in one case it should be done in all; whereupon, on motion duly made, seconded and carried, said request was denied.

A request from certain soldiers of Malta for the investigation of the regularity of the proceedings of the County Treasurer at Malta in the collection of taxes from soldiers was referred to the Attorney General of Montana through applicant.

It appearing that the Secretary expected to go to St. Louis, to attend the caucus of the American Legion, and it appearing advisable for him to go from there to Washington to interview our United States Senator, the Honorable Thomas J. Walsh, and through him to interview various departments of the government with reference to the compensation and other matters of interest to returned soldiers, on motion duly made, seconded and carried, the sum of $200., or so much thereof as might be necessary was appropriated for the expense of the trip of said Secretary from St. Louis to Washington and return.

The application of the Midland Club of Billings with reference to financial assistance in connection with the entertainment of soldiers passing through Billings was referred to the Secretary for reply to the effect that the same would be considered with the Washington headquarters in the near future.

After discussing matters of general interest, the Commission duly adjourned.

MINUTES OF THE FIFTH REGULAR MEETING OF THE VETERANS WELFARE COMMISSION OF MONTANA HELD ON SUNDAY, JULY 20, 1919, AT THE OFFICE OF THE SECRETARY IN THE CITY OF HELENA, MONTANA

Present: William Cutts
Charles E. Pew
Herbert M. Peet

The meeting being duly called to order, the minutes of the first, second and third meetings of the Commission were read and approved.

On motion duly made, seconded and carried, the Secretary was empowered to lease a room for headquarters of this Commission, and to obtain equipment necessary to properly furnish the same as an office.

A motion was duly made and seconded, that the Secretary be instructed to prepare a report to be submitted to the Governor in time for the Governor to make a report to the special session of the legislature. This motion was unanimously carried.

The Secretary read a letter received from the Director of Vocational Training at Minneapolis, with reference to the allowance made by the Government for the maintenance of men in Vocational Training. He also read letters received in response to his inquiries from the University of Montana, the School of Mines at Butte, and Agricultural College at Bozeman, with reference to the sufficiency of the allowance of $65.00 per month to the men in Vocational Training.

It would appear from these letters that the Government allowance is probably sufficient in most cases, especially in view of the fact that the allowance has been increased to $75.00 per month. The Commission felt that further action of a general nature would be unnecessary, and the Secretary was instructed to write the Director of Vocational Training informing him that this Commission would make no general provision, but would entertain any special case, and also requesting the Director to furnish the Commission with information of any case where help might be needed.

The Billings Canteen Service was discussed and the Secretary directed to prepare a voucher for the sum of $500.00 in accordance with the action heretofore taken by this Commission.

A letter from F. B. Mitchell, Field Clerk of the Federal Employment Bureau at Billings, was then read. Mr. Mitchell had previously discussed with a member of this Commission the advisability of establishing a central office in Montana for the purpose of relieving certain employment conditions in the State and facilitating the exchange of labor. Mr. Mitchell's letter followed the same line, and after discussion the Commission decided by a motion duly made, seconded and carried, that Mr. Barnett, heretofore acting as Clerk of the Commission, should be also designated as Field Clerk to have charge of employment work.

On motion duly made, seconded and carried, the Secretary was authorized to employ a stenographer, at a salary of not to exceed $125.00 per month.

The Secretary reported and read several letters received from the Butte Secretary, Mr. Curran, including letters containing lists of wounded men. The Secretary was instructed to write to Mr. Curran and ask for more detailed information with reference to these men so that the records of the Commission would be complete.

On motion duly made, seconded and carried, the Secretary was instructed to pay the Butte secretary's salary when due.

In order to facilitate the payment of relief claims and other expenditures which should be paid promptly instead of waiting for the monthly sessions of the Board of Examiners, the Secretary was instructed to make application to the Board of Examiners for the sum of $1,000.00, to be placed by the Secretary to the credit of the Commission in a local bank subject to the check of the Secretary, to be used as a revolving fund, and the Secretary was authorized to prepare vouchers to be used in drawing upon this fund.

The consideration of the question of compensation of Doctors who have treated wounded or sick soldiers then came up for discussion, and under this heading the Secretary was instructed to take up the matter with the War Risk Insurance Bureau.

The hospital bills of St.John's Hospital for the care of Charles O. Cook, amounting to $27.90, and Alfred Moyer, amounting to $72.95, were presented. The Secretary reported that the case of Mr. Cook was one where blood-poisoning in the right hand had been contracted, and that Mr. Moyer had been taken down with accute appendicitis requiring an operation, and that the cases were proper cases for the favorable action of the Commission. On motion duly made, seconded and carried, the Secretary was instructed to pay these hospital bills, obtaining such a reduction as might be possible.

Letters from S. J. Greir and W. S. Holt, inquiring about educational facilities for young soldiers who desired further education, were taken up and the Secretary instructed to embody in his report to the Governor recommendations that some provision be made for cases of this kind.

The case of Earl R. Bailey was presented to the Commission in the form of a letter from H. D. Hall, Home Service Secretary at Havre, Montana, Mr· Hall recommending that Mr· Bailey be paid $10.00 per week until further notice. The letter sufficiently presenting the case, the claim was allowed until further notice and the Secretary instructed to make payments accordingly and also to obtain a formal application so that the records of the Commission would be complete.

The cases of Dan LaFrome boise(es) of Bowdoin, Montana, of Henry Hendrickson of Plentywood, Montana, Andy Bokman of Conrad, Montana, and Herbert Salverson of Custer, Montana, were referred to the Secretary for further investigation.

The letter of Miss Catharine Calk, of the American Red Cross of Glendive, Montana, relative to the case of Wm. C. Riley, was read, and the Secretary reported that upon the strength of this letter Commissioner Peet and Commissioner Pew had approved the same and a voucher had been prepared for the first allowance of $40.00. The motion duly made, seconded and carried, the action of these Commissioners was approved·

The case of Albert L. Murphy, of Dodson, Montana, a drouth stricken farmer, was discussed. Action upon this case was postponed until the special session of this Commission, should act upon the recommendations that additional funds be appropriated so that the Commission could extend relief to soldier farmers who were affected by the drouth·

The case of Ambrose J. Martin, of Salt Creek, Wyoming, was submitted, and the letter of the Secretary to Mr· Martin approved·

On motion duly made, seconded and carried, the Secretary was instructed to embody in the report to the Governor a recommendation that $200,000.00 be appropriated for relief of drouth stricken solider farmers.

The case of F. J. McKee, of Livingston, Montana, was then discussed. It appeared that Mr· McKee has a homestead in Wyoming. The Commission decided that, in any event, this case is outside of its jurisdiction.

A letter from C. E. Cunningham, Home Service Secretary at Poplar, Montana, on behalf of an unnamed veteran, was read. The Secretary submitted a copy of his reply, which was in the nature of a request for further information. The Secretary also stated that no further information had been received. The action of the Secretary was approved and no action taken in the absence of sufficient information.

The application of Charles O. Cook, of Townsend, Montana, for $75.00 on account of seven weeks loss of time while suffering from blood-poisoning in his right hand, was then discussed. Secretary reported that he had informed Mr. Cook that mere loss of time could not be compensated by the Commission, but that, if he would submit a showing of his financial condition, showing whether or not he owed money for the necessary expenses while disabled, the matter would be considered by the Commission. It appeared by the personal investigation of the Secretary, that Mr. Cook is living with his parents. Mr. Cook had replied to the effect that, if the hospital bill and his Doctor bill were paid, he would be satisfied. The hospital bill had previously been approved at this meeting, and the matter of payment of the Doctor bill was postponed, and the action of the Secretary with reference to his claim approved.

The letter of L. Eastby, Minneapolis, Minnesota, on behalf of Sergeant Charles Genshaw, now at Ft. Snelling, Minnesota, was discussed, and the Secretary was instructed to send an application to Sergeant Genshaw for further action.

A letter from Fred C. Jump, of Forest City, South Dakota, was read, and by motion duly made, seconded and carried, the action of the Secretary was approved.

10TH DAY OF AUGUST, 1919, AT 2 O'CLOCK P. M.
AT THE OFFICE OF THE COMMISSION.

Present: Herbert M. Peet
Charles E. Pew

The Secretary reported that, in accordance with previous instructions of the Commission, he had informed the Director of Vocational Training at Minneapolis of the action of this Commission with reference to the payment of allowance to men in Vocational Training, and that he had also asked the Director for information with reference to the operation of the Vocational Training Service, with the idea of obtaining more efficient service in Montana.

The Secretary reported that he had employed a stenographer at a salary of $125.00 per month, which action was by the Commission duly approved.

He also reported that, in accordance with previous instructions of the Commission, he had taken up with Senator Walsh the matter of compensation for Doctors who had performed operations and otherwise treated wounded or sick soldiers, and had received a letter from Mr. Walsh to the effect that he would take the matter up with the appropriate bureaus in Washington.

The Secretary further reported that a discount of $25.00 from the Charles O. Cook and Alfred Moyer bills at St. John's hospital had been allowed by the hospital.

In the matter of the payment of $40.00 per month to William C. Riley of Glendive, the Secretary reported that he had been advised by Miss Catharine Calk, the Red Cross Secretary at that place, that Mr. Riley had been admitted to the Galen Institute, and that his wife had moved to Deer Lodge to be near him, and that a short time later the officials at the Institute had decided that he could do light work during the summer time and he had left the Institute. He also reported that he had instructed Miss Calk to hold the warrant and take no further action until further developments, which action of the Secretary was approved by the Commission.

In the matter of Sergeant Genshaw, letters addressed to the Sergeant and to L. Eastby who had referred this case to the Commission, had been returned undelivered. The Secretary was instructed to take no further action until he heard further from Sergeant Genshaw.

A letter having been received from the American Red Cross at Billings, declining the contribution of $500.00 heretofore made by the Commission, the Secretary was instructed to write further to the Billings Chapter along the lines of his previous letter, and urge them to accept the donation on behalf of the soldiers of Montana.

The matters of the various complaints of treatment of wounded soldiers by the War Risk Insurance Bureau and the advisability of urging Congress to make appropriate provisions which would give the soldiers some benefit from the War Risk Insurance, were discussed; also the relation of the proposed opening of the Crow Reservation to the Soldier Land Settlement Plan, and after careful consideration the Commission authorized Commissioner Peet to go from New York to Washington during the month of August, while in New York on a contemplated trip, and take up these matters with our congressman; and Commissioner Pew was also authorized to go to Washington so as to be there at the same time that Commissioner Peet is there, and at the expense of the Commission.

MINUTES OF THE TWELFTH MEETING OF THE VETERANS' WELFARE COMMISSION OF MONTANA HELD AT THE CITY OF HELENA ON SUNDAY THE 17TH DAY OF JULY, 1920, AT 2 O'CLOCK P.M. AT THE OFFICE OF THE WELFARE COMMISSION.

Present: Herbert M. Peet, Chairman,
C. E. Pew, Secretary.
Absent: Frank C. Walker.

On motion duly made, seconded and carried, it was ordered that a copy of the report made by this Commission to the Legion Convention at Livingston be embodied in the minutes of this meeting. Copy ofsaid report follows at end of these minutes.

On motion duly made, seconded and carried, Ben W. Barnett was reappointed as Field Secretary of the Commission, at a salary of $200.00 a month. It appearing that the work of the office involves the issuance of a large number of circular letters and other matter which have to be produced in a large number of copies, and it appearing that a considerable amount of money can be saved by a mineograph and addressograph, the Secretary was authorized and directed to purchase for the Commission such instruments.

In view of the proposed plan to clean up the work of vocational training, compensation, and other matters of interest to ex-service men in Montana, making it necessary to have a War Risk Officer to take up such work, Mr. E. W. Lowe of Miles City was duly and unanimously chosen as State War Risk Officer of Montana.

REPORT OF COMMISSION

Livingston, Montana, [illegible], 1920.

To the Second Annual Convention
of
The American Legion of Montana:

Comrades:

The Veterans' Welfare Commission begs leave to make a brief report of its activities since the last State Convention, and to briefly outline some of the problems now confronting it. The function of the Commission being to serve the interests of the ex-service men of Montana, it is eminently proper that it should account to them for the manner in which it has discharged its duties, and to call upon them for assistance in the solution of the problems which confront it.

As you doubtless all know, the funds have been devoted, by the Commission primarily to the purpose of alleviating the condition of the disabled ex-service men during the time when agencies of the Government have been slow in extending to them the relief to which they are entitled from that source, and which perhaps in the near future will be extended to them in adequate measure. In addition to this, some money has been spent in improving employment conditions in the State, and in various ways in which it seemed that the ex-service men of Montana might be benefitted as a whole.

It would be impracticable to go into complete detail in this report. Every effort has been made to get in contact with every man in the State who might be entitled to share in the benefits of the fund. Through published articles along this line, and with the aid of the American Legion Posts and the Red Cross Chapters, the Commission has in the main succeeded in establishing contact with a large number of such men, and we believe that but few are still in ignorance of the provision which has been made for them under the law.

A representative was sent to the Letterman Hospital at San Francisco, and the Fort Sheridan Hospital in Illinois, who interviewed all Montana cases which could be found. Many of these men have been since discharged. The number still in these hospitals is very small. The situation of the men now remaining still confined in these hospitals, patiently awaiting the time when their injuries shall have sufficiently advanced in the process of restoration to permit them to again return to civil life is deserving of our best efforts. The Commission has made monthly remittances of amounts sufficient to enable them to relieve the tedium of hospital life by appropriate entertainments. These remittances are made direct to committees appointed by the patients themselves; and from the reports received from them we believe that the results have been well worth while.

We give below some data which shows in a general way what has been done and the condition of the work at this time;

Administration to Date	$8236.54	
Relief	56406.79	
Misc. Relief	1062.75	
Vocational	2085.88	
Advance Vocational	523.53	
Legion	1424.14	
Employment	2405.98	
Misc. Including Reunion	6303.72	$80,708.36

Reunion alone $6226.73
549 Cases on Ledger
228 Active Cases May 1st.

Between 60 and 90 cases now in hospitals yet to be discharged.

The situation which now confronts the Commission is shortage of funds. The bonds authorized by the Commission Act were unsalable on the regular bond market. As a result we have been compelled to float the bonds with the banks of Montana. The bonds are not attractive to these institutions, but by an appeal to the patriotism of the banks in some of the cities we have succeeded in selling $65,000.00 of the bonds. $25,000.00 were taken by the Helena banks, $25,000.00 by the Butte banks, and $1,000.00 by the Ravalli County Bank, $4,000.00 by the Great Falls banks, and $10,000.00 by the Bozeman banks. An additional $25,000.00 has been taken by the State Livestock Commission.

At the present time, however, the fund is again low, and unless relief is obtained immediately the work of the Commission must necessarily be wound up. The financial situation has made it almost impossible to float more bonds with the banks. The only relief in sight is the State Land Funds and other special State Fund. We recommend that this Convention memorialize the State Board of Examiners and the State Land Board to use any special funds which may be available to take up a sufficient amount of these bonds each month to enable the work to be carried on. When the returns are had from the assessment of of crops this fall the indications are that the banks will be able to make further subscriptions, and relief will be had from that source.

Before closing this report we desire to mention the fact that through the co-operation of the Commission, the American Legion, and the War Risk and Vocational Bureaus, a drive was staged in Montana, which resulted in placing many men in vocational training and greatly improving the situation of the disabled men from a compensation stand point.

Too much credit cannot be given the members of the Legion who assisted in this drive, and who are still assisting in the process of cleaning up. The drive was conducted by a force of seventeen special Vocational Advisers, selected by the Commission and the Legion. All but two of these men were members of the Legion, and to the work of these men coupled with the splendid work of the Vocational Bureau in this district, and the improvement of the work of the War Risk Insurance Bureau are the disabled men of Montana indebted for the results which were and still are being accomplished.

We hope that with the remainder of the appropriation made available, by the time the fund is exhausted the allowances provided for the Government will be sufficient and the disability ratings so liberalized that those of our comrades will be upon a [illegible] basis and that the emergency provisions of this character will become unnecessary.

Respectfully submitted.

Veterans' Welfare Commission.

MINUTES OF THE THIRTEENTH MEETING OF THE VETERANS' WELFARE COMMISSION OF MONTANA HELD AT THE CITY OF HELENA ON SUNDAY THE 31ST DAY OF JULY, 1920, AT 2 O'CLOCK P. M. AT THE OFFICE OF THE WELFARE COMMISSION.

Present, Herbert M. Peet, Chairman,
C. E. Pew, Secretary.
Absent, Frank C. Walker.

It appearing that E. W. Lowe, who was appointed State War Risk Officer, had declined the offer by reason of his inability to take up his headquarters at Helena, on motion duly made, seconded and carried, Mr. Thomas Busha of Big Timber, Montana, was duly elected State War Risk Officer.

It was also decided that in view of the fact that the records of the Commission form the basis for the work of the State of War Risk Officer, such officer shall maintain his headquarters at Helena.

The Secretary reported that at a conference with members of the state organization of the American Legion the deplorable situation resulting from the manner in which the compensation provisions of the War Risk Insurance act is being administered by the War Risk Insurance Bureau. As a result of that conference it was deemed advisable to send a delegation from Montana to Washington to confer with proper committees of Congress and other administration authorities in a determined effort to obtain a correction of these conditions; such delegation to consist of the State Commander, William G. Ferguson, Miles City, C. Thomas Busha, State War Risk Officer of the Veterans' Welfare Commission, Big Timber; L. J. Molumby, Commander Great Falls Post, Great Falls; M. S. Cohen, State Finance Officer, Butte, and C. E. Pew, Secretary of the Veterans' Welfare Commission and National Committeeman of the American Legion of Montana.

After due consideration it was determined by the Commission that inasmuch as the work of said delegation is directly beneficial to the disabled men coming under its care and that the increase of the efficiency of the War Risk Bureau would be of direct benefit in saving the funds of the State of Montana, which otherwise would be expended in extending relief to these men, the expense of such delegation to Washington and return should be paid out of the funds of the Commission.

On motion duly made, seconded and carried, the sending of said delegation was approved and the necessary amount appropraited for the expense of said trip.

The Secretary having, during the month of September, advanced to the American Legion of Montana the sum of $1500.00 after receiving telephonic approval from the two members of the Commission, his said action was duly approved.

The American Legion of Montana and its various Posts having, from the time of their organization, assisted the Commission in carrying out its work of relief in the State of Montana and having also aided it in carrying out plans of cooperation with the Federal Board for Vocational Rehabilitation which has resulted in getting many men into vocational training and upon an independent footing so as to relieve the Commission of the necessity of making further allowances, and in other ways acted as field agents of the Commission; and the Commission having from time to time turned over to the American Legion various amounts for various purposes without definitely determining the status of such advances;

On motion duly made, seconded and carried, it was ordered that such advances be considered as payments to said Legion for said services and the Secretary was instructed to make appropriate entries in his records to that effect.

On motion duly made, seconded and carried, the salary of Mrs. D. D. Burgess, Assistant to the Secretary, was increased from $125.00 per month to the sum of $200.00 per month beginning with November 1st, 1920.

Secretary.

It appearing that in some cases men were voluntarily discontinuing or refusing vocational training without sufficient justification, the Commission unanimously adopted the following rule:

"That any man who has been allowed vocational training and who without sufficient reason refused to accept and enter such training, or any man who shall voluntarily discontinue his training without adequate excuse shall not be entitled to relief from this Commission."

The situation in Butte, Great Falls, and other labor centers, resulting from the shutting down of the mines, smelters, and other similar industries, was discussed at length. It was decided that no action be taken by this Commission until such time as it might become necessary in order to prevent actual suffering among the ex-service men. Mr. Walker was authorized to confer with local agencies in Butte who are planning to relieve suffering which may be attendant upon the shutting down and to assist in devising a plan for such relief as may be found to be necessary. Mr. Davidson was also given similar authority with reference to Great Falls. It was decided, however, that action is not necessary at the present time and that nothing should be done further than to prepare for action when the same may become necessary.

After a general discussion of the affairs of the Commission the meeting was duly adjourned.

Secretary.

HOUSE BILL #25

Passed by the Seventeenth
Legislative Assembly.

- - - - -

AN ACT RELATING TO THE VETERANS' WELFARE COMMISSION, Providing for the Sale of the Unsold Bonds or Warrants Authorized by Chapter 105 of the Regular Session of the Sixteenth Legislative Assembly, Appropriating the Unexpended Portion of the Moneys Received or Hereafter to be Received from the Sale of Said Bonds or Warrants for the Use of the Veterans' Welfare Commission, and Making an Additional Appropriation for the Use of Said Commission, and Repealing by Portion of Section 2 of Chapter 26 of the Extraordinary Session of the Sixteenth Legislative Assembly Relating to said Veterans' Welfare Commission and Repealing all Other Acts and Parts of Acts in Conflict Herewith.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. That the State Board of Examiners be, and it is hereby authorized and directed to sell the unsold portion of the issue of Two Hundred Thousand Dollars, ($200,000.00) of bonds or warrants authorized by Chapter 105 of the laws of the regular session of the Sixteenth Legislative Assembly, and to deliver the proceeds derived from the sale of said bonds or warrants to the State Treasurer, who is hereby directed to place said moneys in the Veterans' Welfare Fund.

Section 2. Whereas, a doubt might be suggested as to whether the appropriation, made by Chapter 105 of the regular session of the Sixteenth Legislative Assembly of the Two Hundred Thousand Dollars, ($200,000.00) authorized by said chapter to be raised by the sale of bonds or warrants of the State of Montana, will be ineffective under Section 12 of Article XII of the Constitution of Montana, after two years, or will continue of its own force until the expenditure of all of said moneys, or until the purpose of said Act has been fully carried out; and

Whereas, it is the intention of the Legislative Assembly by this act to make certain the continued availability of the unexpended portion of said Two Hundred Thousand Dollars, ($200,000.00) for the purpose specified in said Chapter 105, without in any way or manner limiting the effect of the appropriation contained in said Chapter 105 of the said regular session of said Sixteenth Legislative Assembly. Be it further enacted:

That all of the unexpended moneys now remaining in said Veterans' Welfare Fund, and all moneys hereafter derived from the sale of bonds or warrants authorized by Chapter 105 of the regular session of the Sixteenth Legislative Assembly, and by Section 1 hereof, be, and they are hereby appropriated for the use of the Veterans' Welfare Commission in carrying out theprovisions of said Chapter 105 of said regular session of said Sixteenth Legislative Assembly, and the State Treasurer is hereby authorized and directed to disburse any moneys now in or hereafter coming into said Veterans' Welfare Fund upon warrants issued by the State Auditor under the direction of the State Board of Examiners for the use of said Veterans' Welfare Commission.

Section 3. That there be and is hereby appropriated, in addition to the moneys appropriated by Section 2 hereof, the sum of Fifty Thousand Dollars ($50,000.00) or so much thereof as may be necessary, out of any moneys in the State Treasury not otherwise appropriated, for the use of the Veterans' Welfare Commission in carrying out the provisions of Chapter 105 of the regular session of the Sixteenth Legislative Assembly; the moneys appropriated by this section to be used only after the moneys realized from the sale of bonds or warrants of said issue of Two Hundred Thousand Dollars ($200,000.00) authorized by said Chapter 105 and by Section 1 hereof, shall have been exhausted; and the State Treasurer is hereby directed to disburse the moneys appropriated by this section upon warrants issued by the State Auditor under the direction of the State Board of Examiners for the use of said Veterans' Welfare Commission.

Section 4. That the following portion of Section 2, of Chapter 26 of the extraordinary session of the Sixteenth Legislative Assembly of the State of Montana, approved August 12, 1919, to-wit:

"And that the Veterans' Welfare Commission is hereby ordered and instructed to market Twenty Thousand Dollars ($20,000.00) of the bonds authorized to be issued by the regular session of the Sixteenth Legislative Assembly, and that from the money so received the general fund of the State of Montana be reimbursed for the appropriation made and the money expended by this section provided;" and all other acts and parts of acts in conflict herewith are hereby repealed.

Section 5. This Act shall take effect from and after its passage and approval.

Approved February 16, 1921.

MINUTES OF THE EIGHTEENTH MEETING OF THE VETERANS' WELFARE COMMISSION OF MONTANA HELD AT THE CITY OF HELENA ON SUNDAY, THE SEVENTH DAY OF AUGUST, 1921, AT THE HOUR OF ELEVEN A. M. AT THE OFFICE OF THE WELFARE COMMISSION.

- - - - - - -

Present: Charles Davidson,
C. E. Pew.

The Secretary of the Commission had received a letter from the Clerk of the State Board of Examiners, of which the following is a copy:

"STATE OF MONTANA
State Board of
Examiners.

Helena, Montana, July 28, 1921.

Mr. Chas. E. Pew,
Secretary Veteran's Welfare Commission,
Helena, Montana.

Dear Sir:

In examination of your claims, at a meeting of the State Board of Examiners held July 27, the Board decided that payment of all expenses incurred by your department, except for relief and postage, must be made on regular claim blanks and submitted to this for audit the same as is done by all other State departments; all salary claims must come to this office on the regular State payroll blanks and should be submitted not later than the 25th of each month in order that the same may be audited in time to be paid by the end of the month. Claims for expenses incurred, other than salaries should be in this office by the second Monday of each month in order that they may be audited for payment on the third Monday at the time of the regular monthly meeting. This will eliminate the necessity of making so many cash payments from your contigent fund and will give the State Board of Examiners an opportunity to audit your claims before payment is made.

In making trips outside of the State it will be necessary to get authority from the State Board of Examiners before such trip is made, otherwise the claim for expenses incurred will not be paid.

Yours very truly,

(signed) A. E. McPatridge,
Clerk State Board of Examiners."

This matter was discussed with Mr. Frank C. Walker over the telephone and action deferred; whereupon the Commission adjourned.

Secretary.

THE MINUTES OF THE NINETEENTH MEETING OF THE VETERANS' WELFARE COMMISSION OF MONTANA HELD AT THE CITY OF HELENA ON THURSDAY THE 11TH DAY OF AUGUST, 1921, AT THE HOUR OF TEN A. M. AT THE OFFICE OF THE WELFARE COMMISSION.

* * * * * * *

Present: Frank C. Walker,
Charles Davidson,
C. E. Pew.

The letter of the Clerk of Board of Examiners referred to in the minutes of August 7th, was discussed at length and the Commission unanimously decided to advise Governor Dixon, that the members of the Commission felt that the Commission had the discretion, under the law, to expend the money of the welfare fund according to its best judgment, and that unless the Governor, at whose will the Commissioners hold office and to whom they are responsible, had confidence in the discretion of the Commission in making such expenditures, new Commissioners, satisfactory to the appointing power should be substituted for the present members. The Commission took the further position that they would not subject themselves to personal liability for expenses incurred in the operation of the Commission and submit these expenditures to the Board of Examiners for allowance or rejection, for the reason that this was not contemplated by the law, and would also subject the Commission a heavy personal liability in addition to the performance of services without compensation.

The Secretary was instructed to arrange a meeting with the Board of Examiners but was unable to do so until Saturday, August 13th.

It being necessary for Mr. Walker and Mr. Davidson to return to their homes to attend to urgent business the meeting was adjourned.

Secretary.

THE MINTUES OF THE TWENTIETH MEETING OF THEVETERANS' WELFARE COMMISSION OF MONTANA HELD AT THE CITY OF HELENA ON SATURDAY THE 13TH DAY OF AUGUST, 1921, AT THE HOUR OF TEN A. M. AT THE OFFICE OF THE VET. WELFARE COMMISSION.

* * * * *

Present: Charles Davidson,
C.E. Pew.

The Commission, pursuant to appointment, met with the Board of Examiners at the capitol in the evening and presented its reasons for not consenting to continue under the order embodied in the letter of August 7th, said reasons being in substance as follows, and concurred in by all members of the Commission:

> "1. That the Commission was the one vested with power under the statute to determine the propriety of expenditures .
> 2. That if the Governor, at whose will the Commissioners serve, did not have sufficient confidence in the present Commissioners to trust their judgment it was his duty to substitute others satisfactory to him.
> 3. That such a requirement would compel the Commissioners to incur personal liability for a couple of months bills, and in case of the disallowance of any bill the Commissioners would be compelled to pay it out of their own pockets; and that the present Commissioners would not assume such liability in addition to giving up their time without compensation.
> 4. That the "power" of audit was adequately exercised under the present system, the Board of Examiners being in a position to make as effective an audit as the one proposed.
> 5. That the proposed plan would transfer to the State Board of Examiners the discretion which the legislature vested in the Commission, and would as above stated make the Commissioners liable for the decisions of a body not conversant with the work."

After a general discussion it was agreed between the members of the Board of Examiners and the Commission amicably and without dissent that the moneys should be turned over to the Commission upon orders of the Board of Examiners issued from time to time upon the production of duplicate receipts for expenditures in the same manner as had been done theretofore.

The Conference being ended the Commission adjourned.

Secretary.

MINUTES OF THE TWENTY-FIRST MEETING OF THE VETERANS' WELFARE COMMISSION OF MONTANA HELD AT THE CITY OF HELENA, ON SATURDAY, THE NINETEENTH DAY OF NOVEMBER, 1921, AT THE HOUR OF 8:00 P. M. AT THE OFFICE OF THE COMMISSION.

- - - - - -

Present: Charles Davidson,
C. E. Pew.

The Commission convened about eight o'clock P. M.

The telephonic authorization of the attendance by Mr. Davidson and Mr. Pew at the Kansas City Convention in furtherance of the work of the Commission and the payment of the sum of $600.00 to the Woman's Auxiliary of the American Legion on account of the services by the Woman's Auxiliary to disabled men, and especially those in the hospitals, also previously authorized by telephone, were confirmed.

A communication had been received from a committee of Lewis & Clark Post #2, of the American Legion in reference to an investigation of the administration of the Commission: such communication being as follows:

"Helena, Montana, Nov. 16, 1921.

Mr. Charles E. Pew, Chairman,
Veterans Welfare Commission,
Helena, Montana.

Dear Sir:-

At a meeting of Lewis and Clark Post, No. 2, American Legion of Montana, held on Tuesday Evening, November 8th, 1921, the following motion was made, seconded and duly passed:

'It was moved and duly seconded that as a
'substitute for all pending motions, that
'the Commander appoint a Committee of three
'to make investigation of the administration
'of the Veterans' Welfare Fund and to report
'back to this Post at a Special Meeting for
'two weeks from to-night.'

The following named persons, viz.
John J. McGuinness,
Albert J. Galen,
James H. Bonner
were designated by the Commander as such committee for the purposes set forth in the motion.

Therefore, we respectfully request that you fix a time and place when we may meet with you and the Commission for the purpose of carrying out the investigation ordered in said motion.

We are advised that your Commission will meet on the 20th inst., and if possible we would like to meet with you before your meeting as a Commission, and, also, with the Commission when it is in session.

An early reply will be very much appreciated.

Very truly yours,
(signed) John J. McGuinness,
Chairman."

The matter was discussed until a recess of the meeting was taken. The Commission reconvened about 11 A. M. on the 20th and further discussed the matter and decided unanimously that an investigation of the administration of the welfare fund should be conducted by a committee of state wide representation and instructed the Secretary to so notify the Committee of Lewis & Clark Post. Whereupon, said date, said Secretary addressed the following communication to Col. J. J. McGuinness, Chairman of said Committee:

"THE VETERANS' WELFARE COMMISSION,
State of Montana,
Helena, Montana

November 20th, 1921.

Col. John J. McGuinness,
Chairman Committee of Lewis &
Clark Post No. 2, American
Legion of Montana,
Helena, Montana.

My dear Colonel:-

In accordance with the decision of the Veterans Welfare Commission at its meeting held on this date, with reference to your request to investigate, on behalf of your Post, the administration by this Commission of the Vet-rans Welfare Fund, which decision was informally indicated to you verbally by the Commission this afternoon, I am instructed by the Commission to formally advise you that in its opinion an investigation by a Committee of one of the hundred and more posts in the State would be fruitless of results.

The work of the Commission is statewide in character, and the interest of the American Legion, one of the Posts of which you represent, is likewise statewide. No report which you might make would accomplish anything final. Any other Post of the Legion, or indeed, any local unit of any other organization, would have the same right to conduct an independent investigation of its own, and the result would merely confuse the issue and nothing final would be accomplished.

This communication is not to be construed, however, as indicating that the Commission seeks to avoid investigation of its policies or its expenditures, provided such investigation is conducted by a Committee having authority co-extensive with the scope of the work of the Commission. In view of the charges made by Mr. Toomey we will insist that such an investigation be had.

Any Committee, however, which conducts such investigation must be clothed with such authority that its findings, be they condemnatory or commendatory, will be determinative of the question.

Yours very truly,
(signed) C. E. Pew,
Secretary."

The Commission also decided unanimously that in view of the charges that had been made that it was advisable that an investigation of the administration of the Commission should be had, and accordingly instructed the Secretary to address a letter to the State Executive Committee of the American Legion of Montana, then in session, requesting such an investigation. A copy of this communication is as follows:

"THE VETERANS' WELFARE COMMISSION
State of Montana,
Helena, Montana.

November 20th, 1921.

To the State Executive Committee,
American Legion of Montana,
Helena, Montana.

Gentlemen:-

On November 8th, 1921, at a meeting of Lewis & Clark Post No. 2 of the American Legion of Montana, one, E. G. Toomey, by direct charge and by inuendo, raised questions as to the administration by the Veterans Welfare Commission of the Veterans Welfare Fund.

These charges are of such a character that they cannot be overlooked. They are such as to raise a question in the minds of ex-service men and of the public generally as to the integrity of members of this Commission and as to the policy which the Commission has pursued in the expenditure of the moneys.

We therefore request that the State Executive Committee of the American Legion of Montana appoint a Committee which will be representative of the ex-servie men of Montana to investigate the administration of the Veterans'Welfare Fund by this Commission, and make report of its findings.

By order of the Commission.

(Signed) C. E. Pew,
Secretary.

During the session of the Commission the entire Commission visited Governor Joseph M. Dixon to ascertain his view with reference to the further work of the Commission. The Commission was informed by the Governor that he knew no way in which the state could further finance the purchase of the bonds for the Commission.

In view of the fact that the funds of the Commission are low, the Secretary was instructed to pay off all help on the morning of November 21st, 1921.

No further business coming before the Commission same was adjourned.

Secretary.

MINUTES OF A MEETING OF THE VETERANS
WELFARE COMMISSION OF MONTANA HELD
AT THE CITY OF HELENA ON SUNDAY THE
10TH DAY OF JULY, 1921, AT THE OFFICE
OF THE VETERANS' WELFARE COMMISSION.

Present: Frank C. Walker,
Charles Davidson,
C. E. Pew.

The Secretary presented to the Commission for consideration the proposed employment of an assistant war risk officer and such additional help as might be necessary to enable the war risk officer to cleanup the war risk work. This additional force was also made necessary by reason of the impending war risk drive.

After a thorough discussion the Secretary was authorized to employ an assistant war risk officer, at as reasonable salary as possible, and to employ such other help for the war risk officer as might be necessary.

After a general discussion of the business of the Commission, the meeting adjourned.

Secretary.

MEMO OF SECRETARY WITH REFERENCE TO MISCELLANEOUS MEETINGS BETWEEN MEMBERS OF THE COMMISSION ON COMMISSION BUSINESS.

In view of the fact that a great many informal meetings were held between members of the Commission not in formal session and especially between Commissioner Walker and Commissioner Pew, and in order that a record of such meetings may be made the following statement is made for the minutes of the Commission by Commissioners Walker and Pew:

From the time of the appointment of Commissioner Walker at least thirty or forty informal meetings between them have been had for the purpose of discussing matters of importance pertaining to the work of the Commission. The frequent trips made by these two members between Helena and Butt have brought them together much more frequently than with the other Commissioners who have been located at a distance from both of said cities.

On a great many occasions when Commissioner Walker has been in Helena, he has conferred with Commissioner Pew on matters then under consideration and of importance, and likewise when Commissioner Pew has been in Butte several meetings have been held there. There having always been so many matters of importance taking up the time of both of these Commissioners that the formality of making minutes of such meetings has been overlooked. No matter of any special importance involving action by the Commission has been acted upon without consultation between Commissioners Walker and Pew and the other member.

The reported absence of Commissioner Walker from meetings as appears by the min utes has been nearly always due to the fact that the matters taken up at such meetings have been discussed by him with other members of the Commission in advance of the meeting and his approval given, so that where it has been inconvenient for him to attend the meeting it has been considered unnecessary.

Also on many occasions matters have been discussed with Commissioner Walker over the telephone, thus avoiding the necessity of expending money for a trip to Helena from Butte.

The advisability of holding a meeting of the Post War Risk Officers at Livingston just before the Livingston Convention was fully discussed and agreed upon between Commissioners Walker and Pew, a meeting being held at Butte in the spring of 1920 at which this matter was fully discussed.

December 31, 1921.

MEMO BY SECRETARY

AS TO ACTION MAY 23, 1923.

On May 23, 1923, the Secretary presented to the other two members of the Commission by letter the proposition of paying the expenses of Al Griffiths of Great Falls, Vice-Commander of the Disabled American Veterans of the World War to San Francisco, to attend the Convention of that organization to be held June 25th to 30th, as a representative of the Veterans' Welfare Commission. The copy of the letters of the Secretary in this regard and the written approvals of the other two members of the Commission are a part of the files of the Commission. All the members of the Commission approve this payment.

At the same time and in the same manner the matter of paying the expenses to the same Convention of the man selected by Governor Joe. M. Dixon to represent the State of Montana at that Convention was submitted to the Commissioners and likewise approved.

Secretary.

ANNUAL REPORT OF THE VETERANS WELFARE COMMISSION
FILED WITH THE GOVERNOR DECEMBER__________1922.

Hon. Joseph M. Dixon,
Governor of the State of Montana,
Helena, Montana.

Dear Sir:-

The Montana Veterans Welfare Commission respectfully submits its report for the year which is just about to close. In view of the audit ordered by your Excellency during the past winter, which audit brought our financial records down to February 16th of the current year, we have embodied in our report only the totals of the date of that audit and a statement of expenditures since that date. Our financial statement is hereto annexed, marked Exhibit A.

Never having received a copy of the auditors report, and never having received any instructions as to the manner of keeping our records, we have made segregations which show in a rough way the various classes of expenditures. While these might not satisfy the requirements of scientific accounting, they still contain all of the information necessary to enable an ordinary person to understand how the money has been spent.

The methods pursued by the Commission in its work have been so often dealt with in reports and in various ways during the past two or three years that we deem it unnecessary to burden this document with details. Suffice it to say that we have continued along the same general lines, adjusting our plan of operation to meet changing conditions, and constantly narrowing the scope of expenditure, until at the time of this report we are disbursing much less than the amount provided for in the appropriation made by the last legislative session.

At the time the members of the Commission appeared before the joint appropriations committee of the last legislative assembly they stated that they hoped to pull through the ensuing two years with $25,000.00 in addition to the unexpended portion of the original bond appropriation, but requested $50,000.00 additional to make certain that ample funds would be available to meet any emergency which might arise.

The Legislature appropriated the additional sum of $50,000.00, and Your Excellency signed the bill making such appropriation, thus insuring the proper care of the men for the then ensuing two years.

In spite of the fact that since that session we staged two cleanup drives, covering an aggregate of three months, and assisted in an appeal board cleanup of two months during the past fall, we have still untouched in the appropriation the sum of $____________________, and in addition to this we have the sum of $____________________, unexpended in the Revolving Fund, making a total of $________________ unexpended.

The appropriations which have been made have been intended to cover an emergency following the war. While there will follow upon the heels of this emergency new problems connected with men disabled by post war sickness and injury, yet those problems should be handled separately from those which may be considered as a part of the post war emergency.

For this reason we feel that the work of the Commission should in the future as it has in the past be directed primarily to service in obtaining compensation and vocational training, and such emergency relief in connection therewith as may be necessary, having in view the final closing of the work as an emergency work. This has been the policy of the Commission in the past, and this has been its plan for the remainder of its brief life.

To accomplish this there should be a renewal of the State appropriation for the next two years, as the service must be provided for during that time at least in order to clean up the post war emergency.

We also believe that the conditions have become sifted down so that we can state definitely the needs of the next two years, within reasonable limits. Within those limits the power must be vested in some discretionary body or officer to restrict the expenditures even within the restrictions imposed by the law itself.

Briefly, there should be a service officer, one efficient stenographer, a small allowance for necessary traveling, a small office budget, and a reasonable amount for emergency relief. This would permit the continued furnishing of service, and the extending of a moderate amount of temporary relief in emergencies.

All this should be embodied in the law by which the appropriation is made,--the salaries fixed, and the expenditures for office supplies, traveling and relief to be passed upon by someone in touch with the conditions, and responsible to the State for the exercise of honesty and reasonable discretion.

While the members of the Commission have during the past four years given their best efforts to the work, and are willing and ready to continue to do so as long as the interests of the disabled men may be benefited thereby, yet we feel that insofar as it can be done the members of that Commission are entitled to be relieved as far as possible of the burden of responsibility and the detriment of their business which necessarily results.

The American Legion of Montana, together with its Auxiliary, have during the past three and one half years brought the service to our disabled veterans up to its present high standard. Posts of the Legion and Units of the Auxiliary now exist in every part of the State. It has been through these organizations that the Commission has been able to maintain such excellent contact with the disabled men and to secure the necessary local co-operation without which the money in the Welfare Fund would be of but little value.

It is to these organizations that we must look for the future care of our disabled. They constitute the one organization which represents all ex-service men, able bodied or disabled, and of whatever rank or station. It is also the only organization whose local branches ramify the entire state and give the close contact which is necessary to establish contact with the new cases which are constantly arising.

This, with its connection with national rehabilitation work of the Legion which is becoming more effective from year to year makes the Legion the logical body to carry forward the work of looking after the welfare of our disabled.

For these reasons we believe that the recommendation of the Kalispell Convention of the Legion, that the unexpended portion of the appropriations which have been made be turned over to the Legion for administration, is proper and can be safely adopted. Of course, in constituting such a body an agency of the government, the law must provide proper safeguards and strict accountability. The number and character of employes should be fixed, the salaries limited, and expenditures for supplies and traveling subject to audit by the Board of Examiners. The question of expenditures for relief could not be reviewed, as it is one for the determination of which there are no precedents and no fixed rules. Certain general rules must be observed by the administering officers, but there can be no guide but common sense and a human understanding for the determination of the question whether relief should or should not be granted in a given case.

There can be no doubt that the Executive Committee of the Legion, to which must be delegated these powers if the Legion is made the agency for the administration of this fund, will always realize the great responsibility resting upon it, and will discharge that responsibility conscientiously and faithfully.

There are ample precedents for the appropriation of this money to be administered by the Legion.

The State of Washington, after whose Welfare Commission Act the Montana act was patterned, in 1921 gave the unexpended portion of its Welfare Fund, consisting of repaid loans, and amounting to about $35,000.00, to the Legion for use in aid of the disabled.

In various instances the Courts have, upon general principles of law and without special statutory enactment, held that the American Legion, being incorporated by Congress, and being general and all inclusive in its scope, is entitled to administer war funds for which no definite provision is made. This occurred on at least three occasions in Ohio and Indiana.

After having devoted three and a half years to the work of caring for our disabled and bringing the conditions up to their present standard, there need be no fear that the Montana Legion will in any manner stultify its splendid record, but it will rather redouble its efforts to produce results which will reflect benefit upon the State of Montana a hundred fold.

We therefore make the following recommendations:

1. That the future administration of the Veterans Welfare Fund be delegated to the Executive Committee of the American Legion of Montana, beginning with a date not later than June 30th, [illegible].

2. That the portion of that fund remaining unexpended on July 1, [illegible], be re-appropriated along the lines of the budget heretofore submitted, and a copy of which is hereto attached, marked Exhibit [illegible].

3. That the office furniture, supplies, office records and case files and correspondence of the Commission be donated to the American Legion of Montana.

4. That upon the date when such administration shall be turned over to the Legion, the financial records of the present Commission be audited and closed, and filed with the Secretary of State, the record of expenditures for relief to be made subject to inspection only by the Board of Examiners, members of the Legislative Assembly, and other State Officers having official duties to discharge with reference thereto.

It has been the endeavor of the Commission at all times to limit expenditures as far as it can be done without detriment to the main purpose of the law.

The efforts which have been put forth to force the load upon the Government has been so far successful that our work has simmered down to one of supplementing the work of the government by taking up and pressing cases of men whose claims are disallowed, extending limited emergency relief, and generally aiding in bringing about beneficial changes in compensation and hospitalization conditions.

We feel that the end of the emergency which brought about the creation of the Commission is in sight, and that the work will soon be merged in a definite program which will expand, as time passes, to meet the needs of care and aid which the people of the Commonwealth must be prepared to extend to its disabled soldiers while the generation shall last.

The members of the Commission desire at this time to express their appreciation of the harmony which exists between them and Your Excellency and the other members of the Board of Examiners and State officials with which the Commission has official contact. It is of immeasurable aid to the Commission in carrying out a task which is difficult at best, but which becomes a pleasure when backed by the cooperation of the administration to which we are accountable.

Respectfully submitted,

VETERANS WELFARE COMMISSION.

MINUTES OF A MEETING OF THE
VETERANS' WELFARE COMMISSION
HELD AT HELENA, March 23, 1924.

Present: Charles Davidson
C. E. Pew

This meeting was held at the office of the Commission in the Montana Building on Sunday, March 23, 1924, in conjunction with the meeting of the State Executive Committee of The American Legion and with Vivian D. Corbly, Esq., State Commander of the D. A. V. of W. W., present.

After full consideration and upon the report of the Secretary that the employment of Mr. William T. Parker had been terminated on March 15, 1924 by reason of the necessity of reducing the expenditures of the Commission but not by reason of the diminishing of the work necessary, it was, on motion duly made, seconded and carried, voted that O. C. Lamport, the State Adjutant of The American Legion, be made State War Risk Officer, to receive the sum of $200.00 per month from the Commission and to continue to act as Assistant to the Secretary, and to also have full charge of all service work of the Commission, the remainder of his salary to be paid by The American Legion; this arrangement to continue until further notice.

It was brought to the attention of the Commission that the officers of the D. A. V. of W. W., having its Headquarters at Missoula, Montana, had for the past year and more been rendering special service to the men in vocational training and that that organization had expended large sums of money in the employment of stenographic help, for necessary traveling expenses to Helena, and the purpose of necessary supplies, and for other necessary and proper expenditures in furnishing service to the vocational trainees, not only at the State University at Missoula, but at all training centers in the State and to men all over the State in placement training; that this work is of vital importance and a proper expenditure to be made out of the Veterans' Welfare fund as it is in direct furtherance of the purposes of the Veterans' Welfare Commission under the law and under the course of practice adopted by the Commission; that the said organization had expended since the first of June, 1923 and up to the first of March, 1924, the sum of $349.76 for such purposes not including any services rendered by the officers of said organization.

Upon motion duly seconded and unanimously carried, the Secretary was authorized and instructed to pay to Vivian D. Corbly as State Commander of the D. A. V. of W. W., upon the execution and tender to the Commission of a proper voucher, the sum of $349.76 in payment of said claim.

It was also represented to the Commission that the necessity for the continuance of this work for some time in the future will continue and that owing to the direct and intimate contact between the Headquarters of the D. A. V. of W. W. with men in training all over the State and especially in the training centers, that it is in a position to render extremely valuable service to these men; and in view of the fact that the determination of the questions coming up from time to time in connection with the courses of training is vital, not only to the men directly affected but to all the men in training at this time and who may hereafter enter training, it was, upon motion duly seconded and carried, voted that the Secretary be authorized and directed to pay to Vivian D. Corbly as State Commander of the D. A. V. of W. W., or to his successor or to such other person as might be designated by the Executive Committee of said organization, the sum of $50.00 per month.

The foregoing action was communicated in detail to Frank C. Walker, the third member of the Commission, who was unable to be present at the meeting, and the same was approved by him.

No further business coming before the meeting, the same was adjourned.

Secretary.

MINUTES OF A MEETING OF THE VETERANS WELFARE COMMISSION HELD AT THE OFFICE OF THE SECRETARY AT HELENA, MONTANA, ON SUNDAY, DECEMBER 28th, 1924.

Present: Charles Davidson, Vice-Chairman,
Charles E. Pew, Secretary.

This meeting was called for the purpose of reviewing the work of the Commission at the close of the term of office of the present state administration, under which the members are now serving, and making a report to the retiring Governor, Hon. Joseph M. Dixon, and to the Governor-elect, Hon. J. E. Erickson.

The members of the Commission have consulted together, by telephone and otherwise, from time to time since the last reported meeting, but nothing outside of routine matters having come up it had not been found necessary to have a formal meeting.

The minutes of the last meeting were gone over in detail and approved. It was decided that in view of the fact that the state auditor is about to make an audit of the books it will not be necessary to go into the financial matters in the report.

The Secretary was authorized, upon the completion of the audit, to deliver to the state auditor all voucher checks and vouchers up to the end of the period covered by the audit.

The Secretary was also authorized to purchase for the use of the disabled men at U. S. Veterans Hospital No. 72, at Fort Harrison, a new Victrola or other similar instrument.

No further business coming before the meeting the same was adjourned.

ON WEDNESDAY AND THURSDAY,
JANUARY 21st, and 22nd, 1925.

Present: Charles Davidson, Chairman
Harold M. Mady
Charles E. Pew, Secretary.

The meeting being called to order the attention of the Commission was called to the fact that Frank C. Walker, Chairman of said Commission, had left the State of Montana and that Harold M. Mady had been appointed by Governor Erickson to succeed him as the third member of said Commission and that the Governor had requested Messrs. Davidson and Pew to continue to serve upon said Commission.

Whereupon, on motion duly made, seconded and carried Charles Davidson was elected Chairman of said Commission and Harold Mady was elected Vice-Chairman, and C. E. Pew was continued as Secretary.

Upon due consideration and upon motion duly seconded and unanimously carried, it was decided to employ John W. Mahan at a salary of $250.00 per month to act as attorney for the Veterans Welfare Commission for the purpose of taking up and pressing to a favorable decision by the Veterans Bureau, if possible, certain claims now pending in which service connections have not been established and to take up and dispose as far as possible, other cases and questions which are unsettled and undecided and which must be settled or decided in order to clear up the work; including such insurance suits as it may be feasible to prosecute; the activities of said Mahan to be under the direct supervision of the Secretary of this Commission.

Upon motion duly seconded and carried, the Secretary was instructed to provide proper offices for John W. Mahan, the special counsel employed by the Commission, and that the records peculiarly belonging to this Commission be placed in his charge so as to be under the direct control of the Secretary of the Commission.

It was also decided by unanimous consent of the Commission that the present plan of relief be continued until further notice, such plan consisting of the following:

1. The payment to men in the hospital without dependents and claiming in good faith a service origin for the disability or disabilities for which they are being hospitalized but which claims have not been connected up, the sum of $10.00 per month.

2. The payment to men with dependents under like circumstances as above outlined, the sum of $20.00 per month.

3. That except in cases of special character approved by the Commission, relief in the way of payments as above, be not made outside of the hospital, except where men are being held in Helena by the Bureau for the purpose of treatment outside of the hospital and where such men are unable to earn any money during such time.

Upon motion duly made, seconded and carried, it was also agreed that the State Adjutant of the American Legion be continued as the general service officer of the Commission and handle all the ordinary run of service work for disabled men, except only the special cases to be taken care of by Mr. Mahan, and furnish the necessary help in connection with the operations of the Commission and that he be paid therefor, until further notice, the sum of $175.00 per month and that while the Commission and Mr. Mahan continue to occupy offices jointly with the Adjutant of the American Legion, the Commission pay one-half of such office rent and all supplies used by the Commission, all other expenses of the Legion office to be paid by the Legion; the Legion and Commission each to be responsible for its own telephone and telegraph service.

No further business coming before the meeting the same was adjourned.

MINUTES OF A MEETING OF THE
THE VETERANS WELFARE COMMISSION HELD AT THE OFFICE OF
CHARLES E. PEW, THE SECRETARY OF THE COMMISSION, AT
HELENA, MONTANA, ON SUNDAY,
JULY 26th, 1925, AT 10 O'
CLOCK, A. M.

Present: Charles Davidson, Chairman
Harold M. Mady, Vice-Chairman
Charles E. Pew, Secretary.

The minutes of the previous meetings of January 21st and 22nd, and February 14th, 1925, were read and approved.

On motion duly made, seconded and carried the Secretary was authorized at his convenience to make a trip to U. S. Veterans Hospital No. 86, at Sheridan, Wyoming, for the purpose of ascertaining the conditions surrounding Montana men domiciled at that place.

About July 1st, 1925, at the time of the resignation of John W. Mahan as special counsel of the Commission, the employment of Major C. L. Sheridan as special counsel of the Commission to succeed John W. Mahan was authorized by the members of the Commission consulting by telephone and telegraph; the salary to be the same as that theretofore paid to John W. Mahan, namely, $250.00 per month and necessary expenses.

It appearing that in accordance with this authorization Major Sheridan was employed beginning with July 10th, 1925, on motion duly made, seconded and carried, the above recited action of the members of the Commission was ratified and confirmed.

The matter of the future of the service and of the relations between the Commission and the Legion were discussed at length.

After due consideration, and because of the necessity of conferring and acting in conjunction with the American Legion and its newly elected executive committee concerning the possibility and advisability of combining the service officer and position of Adjutant of the American Legion and filling the same with a trained service officer, it was ordered that the Commission meet at Dillon on the dates of the American Legion Convention, namely, August 13th, 14th, and 15th, 1925.

The matter of the action of W. L. Jones, State Adjutant of the American Legion, and Assistant to the Secretary of this Commission, with reference to the Red Cross Service at U. S. V. B. No. 72 and at the Veterans Bureau at Helena, having been brought up for discussion, it was determined to be the sense of the Commission that these matters be handled only through the Commission and not by independent action of the Assistant.

The matter of the annual report was discussed and the Secretary was instructed to prepare and submit to the other members of the Commission a proposed draft of the report.

No further business coming before the meeting same was adjourned.

After a full discussion of the finances of the Commission and of the condition of the service which is being maintained by the Commission, it was on motion duly made, seconded and carried decided that beginning with January 1st, 1926, the salary of the State Service Officer should be reduced to Two Hundred Dollars per month, and that the services of the present full time stenographer should on that date be discontinued, the Service Officer thereafter to obtain the necessary stenographic assistance on part time.

This change was made necessary by the State of the Welfare Fund and owing to the conditions it was deemed likely that the service could be carried on satisfactorily with this reduced expense.

After full consideration the Commission voted to continue hospital relief in the following cases only:

1. Where a man entered the service from Montana and who on January 1st, 1925, was a resident of the State and is still a resident of the State at the time of the application;

2. Where a man entered the service from some other State and who prior to January 1st, 1922, established his residence in Montana and has since continuously resided, and still resides, in this State at the time of application.

Present:

Charles Davidson, Chairman
C. E. Pew, Secretary.

The Commission met with particular reference to the State Convention of the American Legion and of the Disabled American Veterans of the World War, being held at Helena from June 15th, to June 18th.

The matter of sending E. J. Callaghan, Service Officer of the Commission, to the National Convention of the D. A. V. at El Paso, Texas, beginning June 20th, was considered. The purpose of this trip was to attend a meeting of liasion men of the D. A. V. Organization in conference with Director Hines and his assistants. Director Hines had promised to be at El Paso during the entire week of that Convention and it was the judgment of those familiar with the matter that good could be accomplished by this trip of the Service Officer in going over problems of administration.

After careful consideration it was decided by the Commission to finance Mr. Callaghan's trip to the extent of $250.00.

The matter was referred to Governor Erickson for his approval, which approval has been given.

By telephone and correspondence the members of the Commission, without a formal meeting in March 1927, authorized the increase of the salary of Mr. Callaghan, the Service Officer, to $250.00 per month, beginning with the Month of March, 1927. This action is confirmed.

MINUTES OF A MEETING OF THE
VETERANS' WELFARE COMMISSION
March 31, 1936

Members Present:

Charles Davidson, Chairman
Harold M. Mady, Vice-Chairman
Charles E. Pew, Secretary

The Commission held a regular meeting on this date, at which time the checks issued since the meeting of January 25, 1935 were reviewed and audited by the Commission together with the vouchers accompanying these checks. The same were approved.

The trip of C. E. Pew, the Secretary, to the Conference of the National Rehabilitation Committee at Spokane in June, 1935 and his trip to the St. Louis Convention of the American Legion, both of which trips had been previously authorized verbally by the other members of the Commission were approved. Also, the trips made by the Service Officer, E. J. Callaghan, to Walla Walla, Washington and Roseberg, Oregon for the purpose of checking the cases of the Montana veterans who had been transferred to those hospitals after the Helena earthquakes and his trip to Boise, Idaho to attend the Child Welfare Conference at that place were approved.

The Secretary reported to the Commission that in accordance with previous telephonic instructions from the members of the Commission, and due to the earthquakes of October and November, 1935, and changes caused thereby, the offices of the Commission were moved from the Tracy Building to the Sturrock Block, 314 Fuller Avenue, which building is owned by Mrs. C. E. Pew. The Commission examined the quarters as fitted out and found them to be conveniently arranged and in all respects, satisfactory. The Commission ratified its previous telephonic approval of the change and agreed upon a rental of Forty Dollars ($40.00) per month, this rental being satisfactory with the owner. The Secretary was complimented by the other members of the Commission for having secured such desirable quarters at such a reasonable rental.

The Secretary also called to the attention of the Commission, the Annual Report of the Commission to the Governor which report was approved and ordered embodied in these minutes.

After considering other routine matters, the meeting adjourned.

Helena, Montana, March 19, 1936.

Hon. Elmer L. Holt,
Governor of the State of Montana,
Helena, Montana.

Dear Governor:

In making the annual report of the Veterans' Welfare Commission to the Governor, we are appending and making a part of the report the annual report of the State Service Officer of the Veterans' Welfare Commission. This report covers most of the ground and needs but little amplification.

You are perhaps unfamiliar with the details of the work of this Commission, and a little resume may be in order.

The Commission was originally created by an Act of the Legislature of 1919. The Act creating the Commission has never been amended, except as to the appropriation of money.

Under the original Act, the Commission was given full authority in the expenditure of the monies appropriated to it and conversely acquired the responsibility of determining the best manner in which the money could be expended.

At the beginning the Commission decided that the money should be used for the benefit of disabled men of the late War. The amount of the original appropriation ($200,000.00) was insufficient to make possible any general benefit to all ex-service men, but it was sufficient to do a great deal of good for the disabled men.

Following that policy, the Commission bent its first efforts to the contacting of disabled men, obtaining hospitalization for them when necessary, obtaining compensation and vocational training, and the other benefits provided by the Acts of Congress for men who had become injured or otherwise disabled as a result of their military service.

From the beginning the Commission worked with the view of restricting the use of the money to absolutely necessary purposes, leaving the men to stand on their own feet as far as possible, and supplementing their own efforts only to the extent necessary to enable them to subsist while the benefits of Federal legislation were obtained for them. In other words, instead of the fund being used for eleemosynary purposes or the creation of a state pension system, it has been used primarily for the purpose of bringing to the men the benefits provided by the Acts of Congress, thus placing the burden where it belongs.

Giving most of the credit to the Service Officers who have been employed to devote their time to carrying out these policies, it is safe to say in the past seventeen years many millions of dollars have come to the veterans of the State of Montana which would not have been obtained without such service. The money which has been expended by the State (probably aggregating $400,000.00) during the past seventeen years) has relieved the State and its communities from responsibility for hundreds of veterans who, through disabilities, would require aid either from the government in whose service they fought or from the communities in which they lived. It has been the policy of the Commission to use every effort to see that the government for which these men fought assumed its full responsibility.

It appears from the figures in the annexed report of the Service Officer that Montana men and women received during the calendar year 1935 payments aggregating $19,378.95 in back pay and current allowances.

This figure, however, must not be taken as a measure of the accomplishments of the Service Officer during that year. It is but the first installment.

In all of these cases these payments will be continued during the life of the persons benefited and, in the cases of the new service connections, allowances will generally increase as time goes on and as disabilities become more serious with the advance of age. Taking the average expectancy as twenty years, and the real benefits will amount to more than $300,000.00, which is a fair measure of the load which has thus been removed from the State of Montana and its communities.

The expenditure of these State monies has been narrowed down until an annual appropriation of $10,000.00 has for several years made it possible to maintain a direct contact with these veterans and their problems, and has enabled us to prevent the ruthless denial of compensation and other benefits to deserving veterans.

We feel that the appropriation of this money is fully justified by the results accomplished.

We also desire to take this opportunity to again thank the State officers with whom we come in contact in carrying out this work for their excellent cooperation and assistance.

At any time that there is any information that you desire with reference to the operations of the Commission, we will be more than glad to furnish it.

Respectfully submitted,

VETERANS' WELFARE COMMISSION,

CEP:H
Encl.

Helena, Montana, March 18, 1936.

Montana Veterans' Welfare Commission,

Helena, Montana.

Gentlemen:

I beg leave to submit my report of the activities of my office for the calendar year 1935.

As mentioned in my previous report and within the knowledge of the members of the Commission, the Economy Bill passed by Congress and signed by the President on March 20, 1933, struck many veterans from the compensation rolls and, while in force, prevented many veterans from receiving compensation for their disabilities.

However, during the past three years, principally through the efforts of service organizations, with which the Veterans' Welfare Commission has cooperated, the benefits taken away by the Economy Act have been almost completely restored and the way opened for the allowance of new claims for the benefit of compensation.

Indications are that within a reasonable time the few remaining laws and administrative rulings based upon those laws, which are keeping deserving cases from the benefits of Congressional legislation, will have been repealed or modified so as to remove existing objections.

In this report I have again endeavored to give as true a picture as possible of the work accomplished by this Commission during the past calendar year.

The number of original service connections during 1935 is not as great as in previous years, due partly to the lapse of time and partly to the disorganized condition of the Veterans' Facilities in this state resulting from the earthquakes of last fall. Considering those circumstances, however, the showing is very satisfactory.

We have obtained original service connections for twenty-six (26) veterans. It has always been the policy of the Commission not to make public the names of the

eterans benefited, but the files of the Commission are open to examination by he proper officers of the State.

These twenty-six (26) veterans received during the year 1935 the aggregate um of Twelve Thousand Four Hundred Thirty-two Dollars and Twenty-six cents $12,432.26) in back pay and current compensation. This sum of money, however, s an inadequate index to the real benefit of these twenty-six service connections. t the present age of these veterans, disability is more likely to increase as time oes on than to diminish. Any service-connected disability which has existed for ixteen or seventeen years and is of such a pronounced character as to be now connectible with the service is obviously or more than likely to be of a permanent haracter, and the advance of age is in most cases certain to aggravate rather than o ameliorate these disabilities. These men are now the responsibility of the Federal Government, and the real benefit accomplished by these service connections is the compensation, hospitalization and other physical benefits which will be received by these men from the Federal Government during the remainder of their lives.

Under the Act, compensation cannot be paid prior to the date of the filing or the re-filing of a claim, so that back compensation allowed does not extend back to the termination of the war; otherwise, the total of the amount paid in these cases would be somewhat staggering.

In addition to these original service connections, your Service Officer has secured increases of compensation for twenty (20) veterans. The amount paid in increased compensation to these twenty (20) veterans during 1935 amounts to Two Thousand Seven Hundred Thirty Dollars and Eighty-nine Cents ($2,730.89).

In many other cases veterans who might otherwise have had their compensation reduced have, by our efforts, been able to retain the allowances theretofore made.

The law also provides for the payment of Thirty Dollars ($30.00) per month to a veteran who is permanently and totally disabled from any cause, whether service connected or not (with certain exceptions, such as misconduct cases). Ten such

ratings were obtained by the Commission during the past calendar year. The total of such pensions amounted to Two Thousand Five Hundred Seventy-Six Dollars and Eighty Cents ($2,576.80).

The number of allowances in such cases is less now than it was under the previous law, which allowed a veteran certain disability pay if he was disabled to the extent of 25% or more.

We have also obtained increases in pensions for two Spanish-American War veterans and for one veteran for peace-time service. Payment in these cases is made from the Central Office at Washington, D. C.

Six pensions for widows of Spanish-American and World War veterans were secured, four of which had been previously disallowed. These pensions amounted to One Thousand Six Hundred Thirty-Nine Dollars ($1,639.00).

The grand total of benefits paid in the above-cited cases, amounted to Nineteen Thousand, Three Hundred Seventy-Eight Dollars and Ninety-five Cents ($19,378.95).

In addition to the foregoing, your Service Officer has furnished routine service of the numerous kinds incident to this work. There are hundreds of cases constantly needing advice and assistance of various kinds. Our accomplishment has been made very difficult and has been somewhat limited by the temporary evacuation of the facilities at Fort Harrison, but I am glad to say that the work of rehabilitation of the station at Fort Harrison is now under way. For a time after the severe earthquake shocks of last October, the Veterans' Administration was uncertain as to the future of the hospital at Fort Harrison but, after the subsidence of the severe shocks and under pressure from the service organizations and other agencies, the Bureau has definitely decided to rehabilitate this hospital.

We also hope that before the work of rehabilitation is completed, a new 165-bed unit will be added, to take the place of some of the old worked-over barracks,

The temporary evacuation of the hospital at Fort Harrison and the consequent scattering of the men among hospitals in the extreme northwest have brought very forcibly to the attention of the ex-service men and the people of this State the necessity of maintaining the Fort Harrison facility. Men in foreign jurisdictions naturally do not receive the same attention in connection with their cases or their personal welfare as when they are in their home state. Their contacts with their families and friends are broken and their families either cannot visit them for lack of means or they do so at a greatly increased expense.

A trip made during the past winter by your Service Officer to Walla Walla, Washington, and Roseburg, Oregon, disclosed more of the effects of the scattering of the men. The majority of the tuberculosis cases were transferred to Walla Walla, and in all these cases, the men had lost ground, instead of making improvement as they had done in Montana to which climate they were accustomed. This fact was verified by their ward surgeon.

Except for a few cases where the men had been benefited by the change of altitude and climatic conditions, the men at Roseburg are dissatisfied and are glad to know of the rehabilitation of Fort Harrison.

The Regional Office continues to function at Fort Harrison and all case files and records of Montana men are being retained here and any action taken on their cases, is taken at the Fort Harrison facility. Men are being called in daily for examinations for rating purposes and their cases being adjudicated here. Where it is necessary that these men be held over several days, they are taken care of at various restaurants and hotels in Helena.

Unsatisfactory results are being obtained in many cases due to the fact that some men are sent to other hospitals for examination, instead of being examined at Fort Harrison. The hospital at Fort McKenzie, Wyoming, is a neuro-psychiatric hospital, and naturally, the examination of general medical cases at that facility

ill not be nearly as satisfactory because these examinations are outside of he regular work of the physicians at that place. Not only that, these men ack knowledge of the men and their history such as is gradually acquired by the octors stationed for some time at Fort Harrison.

We are endeavoring to bring about an arrangement at Fort Harrison whereby hose men can be examined there.

As Service Officer, I wish to again thank the Members of the Veterans' elfare Commission for their assistance and cooperation.

Respectfully submitted,

E. J. Callaghan, Service Officer,
VETERANS' WELFARE COMMISSION,
Helena, Montana.
